

WHERE DOES YOUR DRIVE COME FROM?

As an entrepreneur it's easy to feel like you're in it alone. Yet there are so many professionals right in our community with experience and knowledge they're willing to share.

That's why The DRIVE Group was founded: to create a place not only to network, but to gain valuable insight and guidance from area professionals in running a business.

From accounting, to marketing and everything in between, members drive each other toward business success!

It's About Authenticity

As a member of DRIVE, we focus on improving ourselves professionally, enhancing our business success, and helping others do the same in the process.

We get to really know each other. During the "commercial" portion of the meeting, each person has an opportunity to tell the group about their business. And we ask questions. We comment. We give referrals. Right then and there, we get to the meat of it.

We freely share our experiences in business, the lessons we've often learned the hard way, and give advice during the Spotlight Moment.

At DRIVE it's all about authenticity. Members genuinely care about helping each other succeed - there is no such thing as a competitor - and we genuinely care about helping our community, too!
